

Awesome Graphics has had the privilege of partnering with Rutland Regional Medical Center on nearly every type of large-format and specialty printing project available. From vehicle graphics and wraps showcasing their prestigious awards on the exterior brick to unique LED backlit signage and wayfinding signs, we've worked together to enhance their brand identity and make navigation easier for visitors. It's been a truly rewarding collaboration, and we're proud to have contributed to the success of our area's finest award winning hospital.
